

The Seed Library is a free program committed to increasing our ability to feed ourselves wholesome food by offering seeds and education. Through time-honored tradition of seed saving we celebrate biodiversity, nurture locally adapted plant varieties, and foster community resilience, self-reliance, and a culture of sharing.

Seed Library

The Seed Library operates on the honor system. You become a member automatically when you withdraw seeds to plant. We encourage all members to learn basic seed-saving techniques. If you are unable to save your own seed, please donate a packet or two of fresh commercially grown, open-pollinated (non-hybrid non-GMO) seed to keep our library stocked. Returned seed will keep our library well stocked.
