### What are we doing with the interest from the endowment?

So far, this fiscal year we have given the library \$26,373 for books and materials, almost 40% of the entire materials budget for FY 2011.

In past years, we...  
Helped replace 30 year old carpeting  
Replaced an aging and unreliable elevator  
Installed air conditioning  
Obtained new public access computers  
Funded children's literacy programs

In the future, interest and dividends will be used for a wide range of projects. No matter how we spend these funds, we will work to make Albany County a more informed and more literate community.
